MEMORANDUM FOR: Assistant Director for Computer Services, DD/S&T

THROUGH: Assistant for Administration, NPIC

SUBJECT: Rental of IBM 826 Typewriter Card Punches

1. Attached for your approval is a letter of intent on rental of three additional 826 Typewriter Card Punch machines from International Business Machines Corporation. The machines are to be used in the production cycle of immediate photographic interpretation reports.

2. Tests indicate that use of the 826 machines will roughly halve the manhours currently required to type, punch and verify the information contained in the PI reports, with an accompanying reduction in the amount of time required to produce such reports. The savings in manhours and time will be of increasing significance as the volume of immediate reports continues to grow.
